

PDF To Text – Readme

Bot Overview

This bot performs the following:

- This bot converts PDF Data into Text file by reading PDF data Structures and Files.it trims all special symbols and leaves just text .
- Sometimes we receives a raw PDF input we need to convert into Text Ourselves.
- PDF to Text Converter can be used in any type of .NET application
- The integration with existing .NET applications is extremely easy and no installation is necessary in order to run the converter. The result of conversion is a .NET String object that you can further manipulated.
- This is a simple and reusable bot to generate a Text File using the PDF File .

Prerequisites

- Automation Anywhere Enterprise v10.7 & above
