1. Introduction

This document contains all essential information for the user to make full use of the Bot - PDF to word. This manual includes a description of the functions and capabilities and step-by-step procedures for setup & configuration of the Bot.

1.1 Overview

Description - The task of converting PDFs to Word files manually is difficult task and sometimes requires special tools to convert and error prone. The Automation Anywhere BOT solution performs the activity which a manual user would and helps improves the efficiency and accuracy of the process.

Bot would convert all the PDFs to word files from the specific folder in a very quick time.

1.2 Use cases

The key use cases include:

- Converts PDF files to Word
- Multiple files can be converted at a time

2. Requirements & Prerequisites

2.1 System Requirements

- Not Applicable

2.2 Prerequisites
