1. Introduction

This document contains all essential information for the user to make full use of this A2019 List Submission bot. It includes a description of the functions and capabilities and step-by-step procedures for setup & configuration of the List Submission bot

1.1 Overview

Use the A2019 List Submission bot to list submissions

1.2 Use cases

The key use cases include:

- Listing submissions from specific workflow
- Filtering submissions by status
- Filtering submissions by InputFileName

2. Requirements & Prerequisites

2.1 System Requirements

[Enterprise A2019 \(Cloud deployed\) and Community Edition device requirements.](#)

Review the machine hardware specifications, operating system versions, and browser types supported by Automation Anywhere Enterprise for creating and running bots and command packages as an Enterprise A2019 (Cloud deployed) or Community Edition user on your local machine.

2.2 Prerequisites

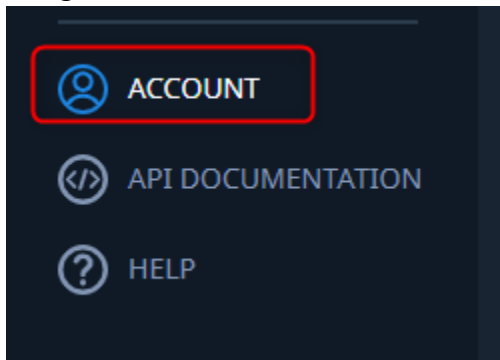

Access to the Indico.io account.

3. Getting Started

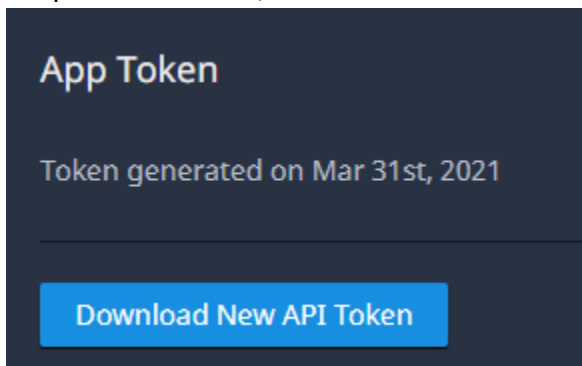

3.1 Quick Start

3.1.1 Setup

1. Go to the URL <https://app.indico.io> or your company's local install of Indico
2. Sign-in using your credentials
3. Navigate to the account module

4. In Api token section, download the new API token

3.1.2 Configuration and Use

Review and setup the variables. There are no required input variables, and 1 output values

o Credential Vault

Locker Name	Credentials Name	Attribute Name	Value
Indico	API	token	Personal API key

o Configuring the Bot

status	String	No	Fitler submissions by status	PENDING_ADMIN_REVIEW
retrieved	String	No	Filter submissions by retrieved flag	Yes
limit	Int	No	Limit number of results (default 1000)	100

OUTPUT VARIABLES: Output Variables to be mentioned in this Table.				
Variable Name	Type	Mandatory	Purpose	Example Output
sSubmissionsJson	String	Yes	Returned list of submissions	JSON file

Support & FAQs

4.1 Support

Free bots are not officially supported. You can get access to Community Support through the following channels:

- You can get access to Community Support, connecting with other Automation Anywhere customers and developers on [APeople](#) – the [Bot Building Forum](#), the [Bot Store Support Forum](#), or the [Developers Everywhere Group](#).
- Automation Anywhere also provides a [Product Documentation portal](#) which can be accessed for more information about our products and guidance on [Enterprise A2019](#).

4.2 FAQs

Q: Can I make changes to this bot?

A: Absolutely. Free bots are for you to make use of, customize, and/or include in your builds as you see fit.

For questions relating to Enterprise A2019: See the [Enterprise A2019 FAQs](#).

Appendix A: Record of Changes

No.	Version Number	Date of Change	Author	Notes
1	1.0.0	28/06/2020	Indico	Initial release of the bot
